We are offering a volleyball program to help beginner level participants get ready for our fall season! The program will be run by Jake McCormick, who has 17 years of playing experience, and he is looking to provide a dynamic environment, where beginners will learn and expand skills such as serving, passing, and much more! Jake was 1st team All-State while playing at Noblesville and went on to play college volleyball at Mt. Saint Joseph's University where he was 3rd team All-Conference as a freshman. Participants will be paired with others at their skill level. For further questions please contact Sports Director Tony Eslamirad at teslamirad@bgcni.org or at 317-773-4372.
